COURSE ACTIVITIES:

For each week in this class you will be assigned specific activities. These activities may include reading in the textbook, reading outside material, participation in discussions, quizzes on the text content, and reflection quizzes.

Lesson Plans

The entire course is divided into “Lessons” that cover specific topics and learning objectives in the class. The Lessons are listed in the Course Outline above. Each Lesson introduces you to specific subject matter and asks you to engage in a number of activities. These may include reading, exploring the web, researching, participating in online discussions, quizzes (multiple choice, short answer, and essay questions), and assignments (written work submitted as an attached document in a “drop box”)

Each Lesson consists of:

- A Lesson Plan that outlines the content and provides detailed instructions as to any assignments
- Direct links to any Discussions, Assignments, or Quizzes that go along with that Lesson.

All the Lessons are located in the “Lessons” folder. Click on the Lessons link in the course Menu.

Chapter Quizzes

For each chapter in the book there will be a quiz that you will take online. Each quiz will consist of 20 multiple-choice questions that will be randomly selected from a database each time you take the quiz. You can take the quizzes as many times as you wish, but understand that each time you take the quiz you may get different questions. The HIGHEST of all your attempts will be the one that counts so there is no risk in taking the quiz over and over. The quizzes will be available from the beginning of the class but they must be completed by the

end of the week in which the reading is assigned. Feel free to work ahead on these quizzes.

Links to these quizzes are located in the corresponding Chapter Quizzes link.

Extensions on the due dates for Module Quizzes may be allowed with sufficient reason, however, I reserve the judgment to not grant an extension. If you anticipate needing extra time it is best to get in touch with me PRIOR to the due date.

Attendance and Online Discussions

“Class Participation” will be measured in two ways in this course: classroom attendance when we meet face to face and in the online discussion boards.

Depending on the Lesson Plan, some lessons will entail activities that occur in the classroom, at other times you will need to engage in asynchronous online discussions.

Online discussions form the backbone of an online class. It is very important for you to participate actively and fully in these discussions. These discussions will be graded and will be available for a specified amount of time (Monday morning until Sunday night on a given week in the course). You are required to participate in these discussions following the instructions that will be provided to you in the online Lessons.

Grading of the online discussions will be done in accordance to this grading rubric:

Criteria	Levels of Achievement		
	Non Performance	Needs Improvement	Meets Expectations
Main Post	0 Points No participation or main post does not address the prompt in the instructions	20 Points Main post is present but does not go into sufficient depth, is missing particular components, or simply repeats what others have already posted...when applicable, facts are not substantiated with a reference.	40 Points Main post adds substance to the discussion and meets all the requirements of the prompt in the instructions...when applicable, facts are substantiated with a reference.
Reply Post	0 Points No participation or response posts are surface and do not contribute to the discussion	20 Points Does not meet the total requirement for the number of response postings	40 Points Reply posts exist in the expected number and quality
Mechanics	0 Points No participation or post is written with unacceptable spelling, grammar, and/or syntax errors	10 Points Errors in mechanics are minor, but are somewhat distracting from the message	20 Points No substantial errors in spelling, grammar, and/or syntax

You are, of course, encouraged to post many times through the week. You are also encouraged to post EARLY in the week so that you can benefit from others' responses to your post and so that others may benefit from your responses).

Please review the online document titled “Course Expectations and Policies”

Lesson Quizzes

These quizzes will consist of questions related to activities I assign in the class, the content of the discussions, or information you gather from research or from your interview (see below).

Within each Lesson outlined you will be provided with a lists of ALL the questions in the specific quiz. You

should prepare your answers ahead of time and then enter these answers into the appropriate online quiz.

Quizzes must be completed by the end of the week in which they are assigned. You may be able to work ahead on some of these quizzes as well.

Extensions on the due dates for quizzes may be allowed with sufficient reason; however, I reserve the judgment to not grant an extension. If you anticipate needing extra time it is best to get in touch with me PRIOR to the due date.

Special Assignments

The following assignments are those that have been incorporated into this class to not only teach you course content, but to also enable you to demonstrate learning associated with the KVCC General Education Outcomes. (See the section on General Education Outcomes in the Course Requirements section of this syllabus)

- Local Politics Special Assignment
- Ethics and Religion Special Assignment
- Academic Reading Special Assignment
- Service-Learning Project

It is critical that you review the information I have provided for each of these assignments in the course website. While the assignments are not particularly complicated, they are certainly complex, requiring planning and time management to complete them by their due dates.

GRADING:

Grading for the course will be accomplished in the following manner:

1. Lesson Discussion	10%
2. Attendance	15%
3. Lesson Quizzes	20%
4. Chapter Quizzes	20%
5. Service-Learning Project	25%
6. Special Assignments	10%

GRADING SCALE:

Letter Grades---Based on a final grade scale of 0-100, the following letter grades will be assigned:

95-100	A
90-94	A-
87-89	B+
83-86	B
80-82	B-
77-79	C+
73-76	C
Below 73	F

Please note that I will not be giving grades below a C. The rationale to this is that students who do not master more than 72% of the material in this class are not prepared to meet the expectations of future classes or

programs that require this course. It simply means that you have not learned enough material to really say that you have “passed” the class.

ATTENDANCE POLICY:

Please review the online document titled “Course Expectations and Policies”

COURSE REQUIREMENTS:

In addition to the regular course outcomes, this course engages students to demonstrate their competence in a number of areas related to General Education Learning Outcomes.
