

Lesson 7: Early and Middle Adulthood and Mental Health
Lesson 8: Older Adults and Mental Health
Lesson 9: Community Mental Health Problems: Environment
Lesson 10: Community Mental Health Problems: Substance Abuse
Lesson 11: Community Mental Health Problems: Violence
Lesson 12: Community Mental Health Problems: Violence Across the Lifespan
Lesson 13: Prevention and Health Promotion in Community Mental Health
Lesson 14: A Vision for the Future

COURSE ACTIVITIES:

For each week in this class you will be assigned specific activities. These activities may include reading in the textbook, reading outside material, participation in discussions, quizzes on the text content, and reflection quizzes.

Lesson Plans

The entire course is divided into “Lessons” that cover specific topics and learning objectives in the class. The Lessons are listed in the Course Outline above. Each Lesson introduces you to specific subject matter and asks you to engage in a number of activities. These may include reading, exploring the web, researching, participating in online discussions, quizzes (multiple choice, short answer, and essay questions), and assignments (written work submitted as an attached document in a “drop box”)

Each Lesson consists of:

- A Lesson Plan that outlines the content and provides detailed instructions as to any assignments
- Direct links to any Discussions, Assignments, or Quizzes that go along with that Lesson.

All the Lessons are located in the “Lessons” folder. Click on the Lessons link in the course Menu.

Online Discussions

Online discussions form the backbone of an online class. It is very important for you to participate actively and fully in these discussions. These discussions will be graded and will be available for a specified amount of time (Monday morning until Sunday night on a given week in the course). You are required to participate in these discussions following the instructions that will be provided to you in the online Lessons.

Grading of the online discussions will be done in accordance to this grading rubric:

Criteria	Levels of Achievement		
	Non Performance	Needs Improvement	Meets Expectations
Main Post	0 Points No participation or main post does not address the prompt in the instructions	20 Points Main post is present but does not go into sufficient depth, is missing particular components, or simply repeats what others have already posted...when applicable, facts are not substantiated with a reference.	40 Points Main post adds substance to the discussion and meets all the requirements of the prompt in the instructions...when applicable, facts are substantiated with a reference.
Reply Post	0 Points No participation or response posts are surface and do not contribute to the discussion	20 Points Does not meet the total requirement for the number of response postings	40 Points Reply posts exist in the expected number and quality
Mechanics	0 Points No participation or post is written with unacceptable spelling, grammar, and/or syntax errors	10 Points Errors in mechanics are minor, but are somewhat distracting from the message	20 Points No substantial errors in spelling, grammar, and/or syntax

You are, of course, encouraged to post many times through the week. You are also encouraged to post EARLY in the week so that you can benefit from others' responses to your post and so that others may benefit from your responses).

Please review the online document titled "Course Expectations and Policies"

Lesson Quizzes

Within the Lesson Plans you will be provided with a lists of ALL the questions included in the Lesson Quiz and/or directions related to the Lesson Assignment. You should prepare your answers and/or assignments ahead of time and then enter these answers into the appropriate online quiz or drop box.

Quizzes/assignments must be completed by the end of the week in which they are assigned. You may be able to work ahead on some of these as well.

Extensions on the due dates for quizzes/assignments may be allowed with sufficient reason; however, I reserve the judgment to not grant an extension. If you anticipate needing extra time it is best to get in touch with me PRIOR to the due date.

Special Assignments

The following assignments are those that have been incorporated into this class to not only teach you course content, but to also enable you to demonstrate learning associated with the KVCC General Education Outcomes. (See the section on General Education Outcomes at the beginning of this syllabus)

- Service-Learning Project

It is critical that you review the information I have provided for each of these assignments in the course website. While the assignments are not particularly complicated, they are certainly complex, requiring planning and time management to complete them by their due dates.

GRADING:

Grading for the course will be accomplished in the following manner: (This section can be edited)

1. Graded Discussions	40%
2. Lesson Quizzes	35%
3. Service-Learning Project	25%

GRADING SCALE:

Letter Grades---Based on a final grade scale of 0-100, the following letter grades will be assigned:

95-100	A
90-94	A-
87-89	B+
83-86	B
80-82	B-
77-79	C+
73-76	C
Below 73	F

Please note that I will not be giving grades below a C. The rationale to this is that students who do not master more than 72% of the material in this class are not prepared to meet the expectations of future classes or programs that require this course. It simply means that you have not learned enough material to really say that you have “passed” the class.

ATTENDANCE POLICY:

Please review the online document titled “Course Expectations and Policies

OTHER COURSE REQUIREMENTS:

The MHRT/C is a competency-based certification. The following competencies associated with this course have been deemed by the Maine Department of Mental Health Services as necessary to work in the field.

<http://muskie.usm.maine.edu/cfl/MHRT/2008%20Guidelines.pdf>

1. Understands family theory, developmental theory, human development across the life span, counseling theories, and crisis theory
2. Knowledgeable about collaborative planning with people with psychiatric disabilities including the following: goal setting, skill assessment and training, and linking with supports in the community
3. Understands Maine’s laws regarding mental health recipients’ rights
4. Knowledge of the Americans with Disabilities Act (ADA)
5. Understands benefit and entitlement programs
6. Knowledgeable about etiology, progression, and treatment of major disabling conditions
7. Understands interaction of co-occurring medical issues
8. Understands role of medication in symptom management
9. Understands basic social services and entitlements
10. Knowledge of community provider system
11. Aware of the need to act as a contributing member of an interdisciplinary team
12. Knowledge of confidentiality
13. Interacts effectively with community members and other professionals

These outcomes are assessed utilizing a specific set of assignments standardized within the context of the course.
