COURSE DESCRIPTION:

This course is a survey of the biological, cognitive and socio-emotional aspects of human growth and development across the lifespan. Lifespan topics include an introduction to the lifespan perspective; biological changes; family, peer and social relations; cognition; and personality development.

COURSE OBJECTIVES:

Upon successful completion of this course, the student should be able to:

1. Recognize and describe major cognitive, biological, and socio-emotional life changes.
2. Explain the interactive nature of biological and environmental factors.
3. Identify various historical and theoretical perspectives of human development.
4. Describe how scientific methodology can be implemented to study life-span perspectives.
5. Understand practical applications of theory and research in current situations.
6. Apply theory and research to the understanding and appreciation of oneself and others in a lifespan context.

COURSE ACTIVITIES:

For each week in this class you will be assigned specific activities. These activities may include reading in the textbook, reading outside material, participation in discussions, quizzes on the text content, and reflection quizzes.

Lesson Plans

The entire course is divided into “Lessons” that cover specific topics and learning objectives in the class. The Lessons are listed in the Course Outline above. Each Lesson introduces you to specific subject matter and asks you to engage in a number of activities. These may include reading, exploring the web, researching, participating in online discussions, quizzes (multiple choice, short answer, and essay questions), and assignments (written work submitted as an attached document in a “drop box”)

Each Lesson consists of:

- A Lesson Plan that outlines the content and provides detailed instructions as to any assignments
- Direct links to any Discussions, Assignments, or Quizzes that go along with that Lesson.

All the Lessons are located in the “Lessons” folder. Click on the Lessons link in the course Menu.

Online Discussions

Online discussions form the backbone of an online class. It is very important for you to participate actively and fully in these discussions. These discussions will be graded and will be available for a specified amount of time (Monday morning until Sunday night on a given week in the course). You are required to participate in these discussions following the instructions that will be provided to you in the online Lessons.

Grading of the online discussions will be done in accordance to this grading rubric:

Name	Online Discussion Rubric		
Description	This rubric can be used to standardize the grading of online discussions.		
Rubric Detail			
	Levels of Achievement		
Criteria	Non Performance	Needs Improvement	Meets Expectations
Main Post	0 Points No participation or main post does not address the prompt in the instructions	20 Points Main post is present but does not go into sufficient depth, is missing particular components, or simply repeats what others have already posted...when applicable, claims are not substantiated with a reference.	40 Points Main post adds substance to the discussion and meets all the requirements of the prompt in the instructions...when applicable, claims are substantiated with a reference.
Reply Post 1	0 Points No participation or response post does not contribute to the discussion	10 Points Reply post is present but meets the criteria only in a superficial manner.	20 Points Response post is relevant to the discussion thread, introduces new information, asks a question, and/or provides unique insight into the conversation.
Reply Post 2	0 Points No participation or response post does not contribute to the discussion	10 Points Reply post is present but meets the criteria only in a superficial manner.	20 Points Response post is relevant to the discussion thread, introduces new information, asks a question, and/or provides unique insight into the conversation.
Mechanics	0 Points No participation or post is written with unacceptable spelling, grammar, and/or syntax errors	10 Points Errors in mechanics are minor, but are somewhat distracting from the message.	20 Points No substantial errors in spelling, grammar, and/or syntax, or APA Citations.

You are, of course, encouraged to post many times through the week. You are also encouraged to post EARLY in the week so that you can benefit from others’ responses to your post and so that others may benefit from your responses).

Please review the online document titled “Course Expectations and Policies”

Lesson Quizzes

These quizzes will consist of questions related to activities I assign in the class, the content of the discussions, or information you gather from research or from your interview (see below).

Within each Lesson outlined you will be provided with a lists of ALL the questions in the specific quiz. You should prepare your answers ahead of time and then enter these answers into the appropriate online quiz.

Quizzes must be completed by the end of the week in which they are assigned. You may be able to work ahead on some of these quizzes as well.

Assignments require that you write a paper or document of some sort and submit a copy of that document to a drop box. Every paper must have a title page and you must submit your papers in either MS Word or PDF format.

Details on the Lesson Quizzes and Assignments can be found in the Lesson plans.

Extensions on the due dates for quizzes may be allowed with sufficient reason; however, I reserve the judgment to not grant an extension. If you anticipate needing extra time it is best to get in touch with me PRIOR to the due date.

Special Assignments

The following assignments are those that have been incorporated into this class to not only teach you course content, but to also enable you to demonstrate learning associated with the KVCC General Education Outcomes. (See the section on General Education Outcomes at the beginning of this syllabus)

- Biography
- Cultural Dimensions of Pregnancy Assignment
- Identity Status Assignment
- Reflections on the Biography Assignment

It is critical that you review the information I have provided for each of these assignments in the course website. While the assignments are not particularly complicated, they are certainly complex, requiring planning and time management to complete them by their due dates.

GRADING:

Grading for the course will be accomplished in the following manner:

1. Graded Discussions	25%
2. Lesson Quizzes	25%
3. Special Assignments	25%
✓ Cultural Dimensions of Pregnancy Assignment	
✓ Identity Status Assignment	
✓ Reflections on the Biography Assignment	
4. Biography	25%

GRADING SCALE:

Letter Grades---Based on a final grade scale of 0-100, the following letter grades will be assigned:

95-100	A
90-94	A-
87-89	B+
83-86	B
80-82	B-
77-79	C+
73-76	C

Please note that I will not be giving grades below a C. The rationale to this is that students who do not master more than 72% of the material in this class are not prepared to meet the expectations of future classes or programs that require this course. It simply means that you have not learned enough material to really say that you have “passed” the class.
