### **Reflection and Analysis:**

To be completed *AFTER* the activity is over.

This part is graded separately than the rest and is primarily graded based on *REFLECTION*.

1. **Provide any observation/recording notes (from your lesson plan implementation) you took here –**
2. **Do you think your activity met the purpose/objective and how?**  
Provide specific observations that validate the purpose and objective
3. **What part of your lesson was implemented differently than planned? Why did that happen?**  
This part would include (BUT NOT LIMITED TO) any additional accommodations you provided that were not planned for.
4. **If you were going to teach it again, what would you do differently?**
5. **What surprised you during implementation of your lesson plan?**
6. **What kind of environmental changes or additions could you make to enhance learning?**
7. **What kind of extension activities could you implement to enhance learning?**
