

**Confidentiality Statement, Permission to Observe and
Commitment to the NAEYC Code of Ethical Conduct**

As a student of the Kennebec Valley Community College Early Childhood Education Program I will:

1. Conduct myself in a professional manner when visiting, observing, and/or interacting in early childhood settings.
2. Discuss observations and/or interactions *only* in the context of class assignments with the course instructor and supervising teacher.
3. Not use the names of the children and adults during discussions or in written reports.
4. Obtain parent signature to use specific observations, videos and work samples for practicum experience educational purposes only.

I have read the NAEYC Code of Ethical Conduct and agree to abide by its principles. I understand that any report of unprofessional behavior or breach of confidentiality on my part will result in a conference with my Instructor and Site Supervisor and may result in a loss of one letter grade, or in extreme cases, failure of the course.
