

## MHT 110 - Lab - Final Session - Student Name

Item	Comment	Grade
<b>Introduction</b>		
Counselor and Client Roles (10)	Counselor and client roles are well established and maintained. Process is taken seriously. Counselor engages the client with an introduction.	5
Informed Consent	Review of Informed Consent. Limit this to oral explanations of Confidentiality, What is Case Management, Risks and Benefits of Treatment	5
Comment		
<b>Engaging and Focusing</b>		
Establish clear focal point	Using OARS establish the issue and develop the focus point of the session. There should be a summary statement and then question about if that is how the client wants to use this time.	10
Comment (25)		
<b>Evoking</b>		
Explore/Affirm/Reflect	Based exclusively on the focal point - affirm past positive efforts.	5
Identify Barriers	Identify potential barriers to success.	5
Past Success	Identify success and provide affirmations.	5
	This should all lead to a discussion of the treatment plan	
Comment (25)		
<b>Treatment Planning</b>		
Planning	It is OK to have this as a form and complete it in the course. Final copy of the plan will include the following components:	10
Summary	1 paragraph summary of the session.	10
Goals	Goals written in SMART format	10
Barriers	For EACH goal a list or set of barriers is listed.	10
Objectives and Steps	Outline the specific steps and responsibilities...you are free to assign tasks to client, the case manager (you) and any referrals.	10
Comment (25)		
<b>Video / Audio Quality</b>		
(15)	Clarity of presentation, video/audio quality, position of camera	15
Comment		
<b>TOTAL</b>		<b>100</b>
